## Specialized Shipping

SDW Shipping offers a monthly, direct connection between the continent and the West Coast of South-America. With our full chartered vessel we can call any port on route, both in Europe and South America. An additional port call is therefore always a possibility. We specialize in rolling material and project cargo including heavy lifts, but can also take all other sorts of cargo, including IMO. Heavy lift and transport specialists, fluency in Spanish and direct contact in- and outside office hours make doing business with SDW Shipping direct and simple.
